GREAT WAR IS ENDED.

Peace of London Is Signed.

Delegates Affix Their Names Without Even Reading the Seven Articles.

Dramatic Protest Is Voiced by Montenegrin Against Dures of Powers.

Bulgar and Serb Premiers Meet Tonight on Frontier to Settle Quarrel.

(BY CABLE AND A. P. TO THE TIMES.)
LONDON, May 30.—The eight months' war between Turkey and the allied Balkan states is ended. The "peace of London" was signed today in the picture gallery of St. James Palace.

The British Foreign Secretary, presided over the formal signing of the peace treaty. The following peace delegates signed the preliminary treaty: Osman Nizami Pasha for Turkey, Dr. Isvail for Bulgaria, Stefan Novakovich for Serbia, Stanislav Stojadinovic for Greece, and M. Popovitch for Montenegro.

The Bulgarian and Turkish peace delegates also signed a protocol providing for the immediate removal of the respective armies from the zone of operations.

DRAMATIC PROTEST.

The only dramatic feature of the peace ceremony was that of M. Popovitch's signature. He refused to sign the peace treaty until he had secured the removal of the Montenegrin army from the zone of operations.

He has signed the preliminary treaty.

G. A. R. ADOPTS G. CONFEDERATE.

Earns Honor Except by Saving the Life of a Union Veteran.

(BY DIRECT WIRE TO THE TIMES.)
ELGIN (Ill.) May 30.—[Exclusive Dispatch.] Capt. William Creighton, famous old Confederate veteran, who has heretofore walked a few paces in front of the G. A. R. parades, was today formally adopted and marched in the front rank, escorted by four past post commanders as a reward for dragging from beneath a train Lieut. James Dewey, a feeble veteran of the Union army.

ROSE STOCKINGS FOR ADMIRAL.

FRENCH NAVAL OFFICER WEARS BALLET GIRLS' HOSIERY.

Picked to Accompany President Poincare on Official Visit to England Head of Fleet Has to Go to Theatrical Firm to Complete His Outfit.

(BY CABLE AND DIRECT WIRE TO THE TIMES.)
PARIS, May 30.—[Exclusive Dispatch.] Admiral Faveran, who will accompany President Poincare to England on the latter's official visit, has had extreme difficulty in obtaining the rose stockings which the protocol obliges him to wear on such occasions.

The knee braces and black silk stockings, although an unusual part of a sailor's outfit, presented no difficulty but the instructions included rose stockings to be worn under the black and the admiral vainly applied to stores selling men's hosiery for them.

Eventually a firm which supplies ballet girls with hosiery came to the rescue.

FOR SCOTCH HOME RULE.

LONDON, May 30.—The Scottish home rule bill passed its second reading in the House of Commons today and then was referred to the committee. It follows somewhat the lines of the Irish home rule bill and was introduced by Mr. James Watson, the member from East Aberdeenshire.

Bryan for the Treaty With Nicaragua.

United States Thus Acquires Perpetual Right to Route For Second Canal.

Terms Close Way Forever to Every Foreign Nation Except America.

Democrats Decide to Indorse Policy Inaugurated by the Republicans.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON BUREAU OF THE TIMES, May 30.—[Exclusive Dispatch.] The United States will obtain a perpetual and exclusive franchise for the building of an interoceanic canal through Nicaragua, and also a naval station, together with several small islands on the Pacific Coast of that country.

This is insured through a decision just reached by the Wilson administration to support a treaty negotiated in the closing days of the Taft administration between this country and Nicaragua.

BRYAN FAVORS IT.

It was learned today that Secretary of State Bryan has asked the Senate Committee on Foreign Relations to ratify the treaty now pending before it with only one or two minor changes.

Through the ratification of this treaty the Nicaraguan route will be forever closed to every nation except the United States.

RATIFICATION LIKELY.

Now that Secretary Bryan with the weight of the Wilson administration has decided to stand behind the treaty there is no doubt that it will be ratified by the Senate. It will have the support of most of the Republicans, and Bryan's support will undoubtedly swing the Democrats into line.

Los Angeles Birdman Makes Five Flights Above Gunboat in Guaymas Harbor But Will Make No Attempt to Drop Shells Until General Attack is Made.

(BY A. P. NIGHT WIRE TO THE TIMES.)
NOGALES (Ariz.) May 30.—Aviator Didier Masson yesterday called his big biplane over the gunboat Guerrero in Guaymas Bay. The ship's gunners attempted to shell the airplane, which remained at a height of 5000 feet. None of the shells took effect, nor did Masson attempt to drop any bombs. To show his defiance of the Federal gunners, he made five flights over the bay.

In the meantime the State troops were driving the Federals back toward Guaymas, my official State reports. The fighting occurred at Batemal, several stations south of Santa Rosa, where a fight took place on the day before. It is declared by the State officials that all is ready for a concentrated attack on Guaymas, with Masson assisting from overhead, while the insurgents attack from three sides.

Exodus of Greeks and Other Foreigners From Iowa City Follows Threats of Crowd to Kill Alleged Murderer Who is Held in Secret by Sheriff.

(BY A. P. NIGHT WIRE TO THE TIMES.)
COUNCIL BLUFFS (Iowa) May 30.—Two patrol loads of police were hurried to the vicinity of Fortieth street and second avenue tonight to break up a mob which had gathered with the intention, it is believed, of again attempting to secure possession of Francisco Guidice, known also as Henry Wiley, who is being held for the murder of Howard Jones last Tuesday night.

The police learned late this afternoon that an attempt would be made to drive all Italians and Greeks from the city, and tonight's gathering is believed to have that result in view. Three arrests were made early in the evening of young men thought to have been among the active participants in last night's attempt to lynch Guidice. All are laborers.

There was an exodus of Italians from the city during the day. The Greek Vice-Consul at Omaha, today said he would at once lodge a complaint with the State Department.

Executive and Family Motor to Baltimore and Enter Crowded Dining-Room Where Miss Margaret's Request Goes Unheeded—Hungry Wayfarers Eat at Hotel.

(BY A. P. NIGHT WIRE TO THE TIMES.)
BALTIMORE, May 30.—President Wilson and his family slipped quietly into town in an automobile this afternoon and went to a hotel for lunch.

The President and his party, who came entirely unannounced, first attempted to get their meal at a North Charles-street restaurant but were unable to obtain service through lack of accommodations, the place being crowded. Few recognized the President as he drew up at the curb in front of the restaurant and only cursory glances were given the visitors as Miss Margaret Wilson stopped on the car and made her way into the restaurant, the remainder of the party following.

"Have you a table for our party?" she asked of one of the waitresses. Receiving no reply, according to those who were within hearing distance, she repeated the question with no better results. Then the President's daughter walked from the room with the information for her friends that they could not be accommodated and that they must seek refreshments at another place.

The party re-entered their automobile and drove to a hotel where they ate their lunch in the main dining room.

New York Youth Who Jumps with Parachute Has Narrow Escape When It Falls to Work.

(BY A. P. NIGHT WIRE TO THE TIMES.)
NEW YORK, May 30.—Falling 400 feet from an airplane today, Arthur Lampham, a youthful parachute jumper, landed feet first in a Staten Island marsh, and was buried to his neck in the mud. With ropes and boards he was extricated. At a hospital he was found to be suffering from shock. Lampham was taken up by Harry B. Brown, an aviator, and made to have made a 500-foot drop. His parachute failed to work when he made his leap.

Secretary of State Declares That Nine of Governments to Whom His Scheme Has Been Submitted Has Turned It Down But Some Have Wanted More Time.

(BY A. P. NIGHT WIRE TO THE TIMES.)
WASHINGTON, May 30.—Secretary of State Bryan announced yesterday that eight nations have responded favorably to his peace plan. The nations in the order in which they have accepted are: Italy, Great Britain, France, Brazil, Sweden, Norway, Peru and Russia.

Secretary Bryan said that no nation, to whom his peace plan was submitted had replied adversely, although some had asked more time for consideration.

To each of the governments expressing a willingness to enter into the peace agreement, a tentative statement has been submitted to consider details.

Speaking of the reception his plan has received, Mr. Bryan observed that within the past two months three arbitration treaties have been renewed for a period of five years.

VANDALS AT HELM.

Wonder Ship Is Damaged.

"Imperator's" Carpets and Pictures Slashed; Tubes Filled With Cement.

Date of Maiden Voyage of the World's Biggest Vessel Is Postponed.

Kaiser Will Forego Pleasure of Initial Trip on the Huge Liner.

(BY CABLE AND DIRECT WIRE TO THE TIMES.)
ONOND, May 30.—[Exclusive Dispatch.] A correspondent of the Chronicle says that grave news concerning the "Imperator," the largest ship in the world, which is now lying near Cuxhaven, had reached the northeast coast through German ship masters.

Apparently strong efforts are being made to prevent information regarding the real state of affairs being sent through the customary channels, but if the statements of responsible masters of German trading ships are to be accepted, irreparable damage has been viciously perpetrated aboard this magnificent vessel.

Statements have been deliberately made by several ship masters to their brokers in this country that carpets which were of great value, pictures of almost priceless worth and other furnishings of great cost have been wantonly slashed to such an extent as to render them useless, and that the canvas has been poured into the water pipes and allowed to harden, rendering the water system useless.

This infamous act is believed to be the result of a plot to destroy the "Imperator's" fine internal equipment. It is already known that the Kaiser will not now go on the vessel on her maiden voyage, which will be indefinitely postponed.

The ship masters advance a singular explanation of the work of wanton spoliation. The "Imperator," they say, was taken to a comparatively desolate part of the coast in the neighborhood of Cuxhaven, after grounding in the Elbe, and among the 1000 workmen aboard were some who were angered at being cut off from their ordinary pleasures. In a spirit of revenge, it is supposed, they planned and carried out these extraordinary crimes.

Stories of secret agents are now abroad the ship endeavoring to discover the delinquents.

ARKANSAS CONGRESSMAN HAS NEW BILLBOARD IDEA.

Would Send It Through Foreign Seas Bearing Signs of Popular Soap, Medicine, Spavin Cure and Other Articles Used in the Backwoods Section.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON BUREAU OF THE TIMES, May 30.—[Exclusive Dispatch.] Representative Goodwin, from one of the Arkansas backwoods districts, has made a bid for fame by introducing a bill in the House to use the navy for advertising American manufacturers and products abroad.

Goodwin, overlooking the fact that there is no superfluous space on a warship, wants space allowed on battleships and cruisers to install commercial exhibits which can be shown to merchants in foreign ports and thus stimulate American trade.

The commercial organizations throughout the country, I am positive," he says, "appreciate the possibilities of the proposition. Friends of a big navy would do well to analyze this plan carefully if they would take seriously the recent remarks of Secretary Daniels on the importance of making the navy a popular institution."

Commoner Waits Friends to See Him Sign Announcement of New Amendment Today.

(BY A. P. NIGHT WIRE TO THE TIMES.)
WASHINGTON, May 30.—Secretary Bryan will sign the formal announcement of the seventeenth amendment to the Constitution, providing for the direct election of United States Senators, at 11 o'clock tomorrow morning. The proclamation that the requisite number of States Legislatures had ratified the amendment marks the successful outcome of a movement started eighty-seven years ago, and Mr. Bryan has invited several persons who share his enthusiasm over the event to be present when he signs the document.

Orator Delivers Plea For Peace in All Nations.

Minnesota Senator Promises Monument For Lawton.

(BY A. P. WIRE TO THE TIMES.)
WASHINGTON, May 30.—Veterans of the Civil and Spanish-American wars, and members of the various women's auxiliaries and other patriotic societies joined today in the annual Memorial Day exercises and the dedication of the graves of the nation's sailor and soldier dead. The principal exercises were held at the National Military Cemetery at Arlington, Va., where each grave of a known or unknown hero received its small flag and its basket of flowers, the fallen warriors of the gray not being forgotten.

THE UNKNOWN DEAD.
At Arlington the exercises began with the decoration of the tomb of the unknown dead. This was done jointly by all the societies. Later the Spanish-American War societies held their exercises in their section of the national cemetery. The main part of the day's programme was in the afternoon when the Rev. James H. Montgomery delivered an impassioned plea for universal peace to replace disastrous wars.

At almost the same time, Senator Sherman of Illinois, as the principal speaker at the Soldiers' Home exercises was declaring that no man alive today would see the time when war would be no more.

"All human history is written," he said, "in the blood of hostile camps, and its quickening message made on the march and battlefield."

At the grave of Maj.-Gen. William H. Lawton, who lost his life in the Philippines, Senator Nelson of Minnesota declared it was the duty of Congress to see that an adequate monument was erected to Lawton's memory, and pledged support.

Secretary and Mrs. Bryan took part in the Arlington ceremonies. They were participants in the decoration of the tomb of the unknown dead, and the Spanish-American War exercises.

All the ceremonies addressed praising the valor of soldier and sailor dead were made, and original poems extolling their deeds read, while patriotic songs were sung and the military bands played martial music.

The reading of Lincoln's Gettysburg address was a feature at all, as best expressing the sentiments of those who took part.

Penitence Old Soldier Picked Up Asleep on Graves of Old Comrades at Arlington, N. J.

(BY A. P. WIRE TO THE TIMES.)
PATRICKSON (N. J.) May 30.—On the eve of Memorial Day, Samuel Wilson, a 12-year-old veteran of the Civil War, dressed in uniform with two medals on his chest, was found last night asleep in Cedar Lawn Cemetery where a number of his comrades are asleep forever. He had fallen there in exhaustion from a tramp yesterday of fifty miles from his home in Middletown, N. J., to the old Soldiers' Home at Kearney, N. J., to spend his declining days.

At police headquarters where the penitence veteran was given a bed he showed papers of service in the First New Jersey Regiment at Fredericksburg, Bull Run and Gettysburg.

CHICAGO, May 30.—Wreaths of green and garlands of flowers were today placed on the graves of 698 Union and Confederate soldiers in eighty-two cemeteries in Cook county, standing within the shadow of the Abraham Lincoln Peace monument.

Mayor Carter H. Harrison, in his address, praised the part they played in defending the country in the time of war.

HOW WOULD YOU INVEST \$500?
The Times Will Award Cash Prizes For the Best Letters, Not Exceeding 150 Words, On This Subject.

In one of the columns of the "Liner" section of this issue of The Times is a classified advertisement stating in effect that \$12.50 will be paid to the persons submitting the best suggestions as to the most profitable way of investing \$500 in a business venture, or in any other way, in Los Angeles.

This advertisement will appear from day to day until May 31, in a different column of The Times' classified advertising pages, AND WILL CONTAIN THE LETTER AND NUMBER OF A BOX IN THE TIMES POSTOFFICE, TO WHICH REPLY MUST BE SENT. NO REPLY WILL BE CONSIDERED UNLESS IT CONTAINS THE CORRECT LETTER AND NUMBER OF THE BOX ADDRESS THAT APPEARS IN THE ADVERTISEMENT.

Read the "Want Ads." in today's Times, find the advertisement above referred to, and submit your suggestion before June 1 in not more than 150 words, and mail or deliver it to the address stated therein.

The person submitting the best suggestion as to the most profitable way of investing \$500 will be awarded a cash prize of \$25, the second best suggestion \$15, the third \$10, the fourth \$5, and the fifth \$2.50.

Find the classified ad. in today's Times which contains the address to which it is necessary that your suggestion be sent, submit your ideas and win one of these prizes. This contest is open to everybody except persons directly and indirectly connected with The Times.

The prize will be awarded by a committee appointed for the purpose, and the winning essays will be published.

This contest will close June 1.

A FULL VOTE MEANS SUCCESS OF SHENK TICKET.

It is to be regretted that it seems to be necessary to sound the tocsin again; but the indifference of voters, in view of the invasion of the McCarthyites and the menace of the law-breakers, is astonishing and disturbing. There is need of special effort to get out the vote next Tuesday. A majority of the men and women voters of Los Angeles favor the election of Shenk for Mayor and of the Municipal Conference Ticket for the Council; but will they go to the polls? Will they be inert, thousands of them, or will they make use of the ballot to defend their homes and their properties from the raid of the San Francisco gang?

The Times urges more of the neighbor-with-neighbor work and that every man and woman who does not believe that "property is robbery" do his or her full duty. Everybody can help!

UNVEIL SHAFT TO MAINE DEAD.

TAFT AND OTHER NOTABLES TAKE PART IN CEREMONY.

Battleships of Atlantic Fleet Tender Salute in Which Cuban Cruiser Participates and Wilson Letter Read at Exercises Held in New York.

(BY A. P. WIRE TO THE TIMES.)
NEW YORK, May 30.—In memory of the 367 officers and men who were lost with the battleship Maine in Havana harbor fifteen years ago, the national Maine monument was dedicated here today. From a dozen American warships, units of the Atlantic fleet at anchor in the Hudson River, a salute of 313 guns echoed from the Palisades as the veil was swept aside that revealed the country's tribute, a pyramid forty feet high, that stands in Central Park, overlooking Columbus Circle.

Noted citizens spoke words of praise for the dead heroes of the war with Spain, and for those who live, Former President Taft, the Secretary of the Navy, the Governors of Maine and New York, representatives of the Cuban republic and others took part in the exercises.

THE PARADE.
A military parade along Fifth avenue preceded the ceremonies at the monument. Headed by Rear-Admiral Winslow, the grand marshal, 16,000 soldiers and sailors, including the veterans of two wars, marched through a lane formed by many thousands of holiday sightseers. American infantry, artillery, blue-jackets from the battleships, state militia, cavalry, Civil and Spanish War veterans, Cuban troops and sailors from Cuban island republic's naval representatives—these and others were in the line of march.

Gen. James Grant Wilson, who presided at the dedication, read a letter from President Wilson.

PRESIDENT WILSON'S LETTER.
"My thoughts will be very much with you, as will I am sure, the thoughts of the whole country," the President wrote. "Americans must look back to the duty of the Maine with the profoundest sentiments of sorrow for the fine men who then so tragically and unexpectedly lost their lives, and must always be reminded of our consciousness of what was involved in the struggle for human liberty."

It was late in the afternoon when the monument was unveiled. As the fleet's guns boomed their tribute, a while the crowd of the old and the young was released to the Hudson's water from shore. Around the pyramid the crowd sang "America." Mayor Gaynor accepted the memorial on behalf of the city.

Wreaths were placed at the monument's base. One from President Wilson was laid by the Rev. John P. Chadwick, chaplain of the Maine when the explosion occurred.

TAFT'S ADDRESS.
William Howard Taft, in his address, characterized the dedication as an enduring witness to the three facts:

"The first is the gratitude that our country feels toward the men who went down on the Maine, in that they gave their lives in her service," he declared. "The second is the birth of a new people and the founding of a new nation through our disinterested aid and sacrifice. The third is the expansion of this nation into a wider sphere of world usefulness and greater responsibility among the nations than ever before in its history."

After referring to the official investigators' report that the explosion was due to an outside cause and a hostile hand, Mr. Taft paid tribute to the men of the Maine.

OTHER TRIBUTES.
Secretary Daniels paid a tribute to the Maine's dead, reciting incidents of bravery when the explosion occurred.

WREATH ON LAFAYETTE'S TOMB.

treary," he said, "because nothing else remained for us to do. We are glad to have peace, but are profoundly dissatisfied with the terms we have been obliged to accept. We have been despoiled of the fruits of our victories. We have been made the whipping boy of Europe. The committee in charge of the peace conference is leading part in depriving us of our rights. We look to secure a modification of the Albanian frontier so as to give us lands for cultivation and a natural route between Podgoritz and Ipek."

BRIEF CEREMONY.
The actual ceremony was very brief. The delegates signed the treaty without reading it, evidently in full confidence that all the seven articles were in such wording as the powers chose to have them.

The Bulgarian delegate proposed that peace become immediately effective without ratification of the treaty. This proposal was rejected and the delegates then left after having agreed to meet June 2 to consider the advisability of an eventual annexed protocol.

THREE QUESTIONS PENDING.
After informing the ambassador conference of the signing of the peace draft, Sir Edward Grey suggested that the conference limit its discussions to three questions—a constitution for Albania, the delimitation of the southern frontier of Albania and the status of the Aegean Islands. The ambassadors now are awaiting further instructions from their governments regarding a constitution for Albania, but the conference is working in greater harmony and expects to conclude its labors by the end of June.

PRELIMINARY TO MEET.
The relations between the Balkan allies show a distinct improvement. The proposed meeting between the Bulgarian and Serbian Premiers now is likely to take place on the frontier tomorrow evening. The latest suggestion for a settlement of the quarrel between the two countries is that the Serbian and Bulgarian leaders probably would not object to closing debate then unless it should develop that the Democratic majority in favor of the administration measure can be broken. Should the ranks show signs of weakening on wool and steel, the Republicans would continue to fight.

PONTIFF AND KING REJOICE OVER PEACE.
ROME, May 30.—The signing in London today of the preliminary peace treaty between the Balkan allies and Turkey caused great satisfaction both at the Quirinal and the Vatican, and the pope and king expressed their joy.

Further complications between the Balkan states would now be avoided. In covering the crisis it was said that Greece should understand that Italy holds no hostile feelings against her, but is merely desirous of protecting her own interests in the Balkans, where her position is preponderant.

CAUSALTY.
A private automobile came along and struck the Frisco car on its side. The party continued their journey. When they had just about disappeared around a bend in the road the motor suddenly came to life again. It jumped the chauffeur and raced after the Kaiserin and Prince and overtook them in the suburb of Olinda. Thanking the coachman of their unknown benefactor, they re-entered the auto and finished the trip to Potsdam without further incident.

AUTO DASH BY RAILROAD KING.
Louis W. Hill Will Make Spectacular Trip Along Proposed Route of New Line into California.

(BY DIRECT WIRE TO THE TIMES.)
PORTLAND (Or.) May 30.—[Exclusive Dispatch.] Louis W. Hill, chairman of the board of directors of the Great Northern Railroad, will start next week on the most spectacular trip of his present western tour and will take one of the longest automobile tours he has covered in years, and through desert lands, sagebrush, lava beds, timber zones, farming districts and cattle lands.

He will hasten to the coast, where he will shoot his rifle down through the hills and then into California.

Chairman Hill pleads that it is merely a trip to familiarize himself with the condition through the great territory which is now untouched by railroads.

From Boise Hill will go direct to Butte, where he is to meet a railroad party and he will then continue on his way to St. Paul. The fact that a Hill representative in Boise Tuesday filed incorporation papers, with a capitalization of \$40,000,000, is believed to be the cause of Hill's trip to Idaho.

SLIDE COVERS TRACKS.
False Report of Workmen Being Buried in Avalanche at San Jose.

(BY DIRECT WIRE TO THE TIMES.)
SAN JOSE, May 30.—[Exclusive Dispatch.] Ten thousand cubic yards of earth slid down the hillside onto the new tracks of the Peninsula Railroad Company at the west end of Alum Rock Canyon just before noon today, blocking traffic all day and resulting in a false report of one casualty, which officers of the railroad finally found to be a hoax late this evening.

After all the workmen engaged in the vicinity had been accounted for a coal and lunch were found. No one claimed it. Frantic search was begun for the victim's body and it was several hours before the Italian workmen who owned the effects announced that they were his. He was too badly frightened to claim them earlier.

Sunday's picnic of the Elbertians in Santa Clara county was postponed two weeks as a result of the slide and tonight the Chamber of Commerce announced that 2000 trainmen expected here Sunday will be entertained at Alum Rock Park.

SAN FRANCISCO, May 30.—On the gentle swell of the tide in the Golden Gate, Ladies of the Grand Army of the Republic auxiliary recently strewed great masses of flowers in the water, and by impact when his suite arrived on the scene. The King's attendants gave first aid to the child, but she died in a few minutes.

The King was tremendously upset by the accident. He learned that the children were the daughters of the woman in charge of the grade crossing, who had forgotten that the royal train was due and had not warned them. King Alfonso offered her his condolence and gave her a sum of money.

False Report of Workmen Being Buried in Avalanche at San Jose.

(BY DIRECT WIRE TO THE TIMES.)
SAN JOSE, May 30.—[Exclusive Dispatch.] Ten thousand cubic yards of earth slid down the hillside onto the new tracks of the Peninsula Railroad Company at the west end of Alum Rock Canyon just before noon today, blocking traffic all day and resulting in a false report of one casualty, which officers of the railroad finally found to be a hoax late this evening.

After all the workmen engaged in the vicinity had been accounted for a coal and lunch were found. No one claimed it. Frantic search was begun for the victim's body and it was several hours before the Italian workmen who owned the effects announced that they were his. He was too badly frightened to claim them earlier.

Sunday's picnic of the Elbertians in Santa Clara county was postponed two weeks as a result of the slide and tonight the Chamber of Commerce announced that 2000 trainmen expected here Sunday will be entertained at Alum Rock Park.

Great War is Ended.

(Continued From First Page.)

treary," he said, "because nothing else remained for us to do. We are glad to have peace, but are profoundly dissatisfied with the terms we have been obliged to accept. We have been despoiled of the fruits of our victories. We have been made the whipping boy of Europe. The committee in charge of the peace conference is leading part in depriving us of our rights. We look to secure a modification of the Albanian frontier so as to give us lands for cultivation and a natural route between Podgoritz and Ipek."

BRIEF CEREMONY.
The actual ceremony was very brief. The delegates signed the treaty without reading it, evidently in full confidence that all the seven articles were in such wording as the powers chose to have them.

The Bulgarian delegate proposed that peace become immediately effective without ratification of the treaty. This proposal was rejected and the delegates then left after having agreed to meet June 2 to consider the advisability of an eventual annexed protocol.

THREE QUESTIONS PENDING.
After informing the ambassador conference of the signing of the peace draft, Sir Edward Grey suggested that the conference limit its discussions to three questions—a constitution for Albania, the delimitation of the southern frontier of Albania and the status of the Aegean Islands. The ambassadors now are awaiting further instructions from their governments regarding a constitution for Albania, but the conference is working in greater harmony and expects to conclude its labors by the end of June.

PRELIMINARY TO MEET.
The relations between the Balkan allies show a distinct improvement. The proposed meeting between the Bulgarian and Serbian Premiers now is likely to take place on the frontier tomorrow evening. The latest suggestion for a settlement of the quarrel between the two countries is that the Serbian and Bulgarian leaders probably would not object to closing debate then unless it should develop that the Democratic majority in favor of the administration measure can be broken. Should the ranks show signs of weakening on wool and steel, the Republicans would continue to fight.

PONTIFF AND KING REJOICE OVER PEACE.
ROME, May 30.—The signing in London today of the preliminary peace treaty between the Balkan allies and Turkey caused great satisfaction both at the Quirinal and the Vatican, and the pope and king expressed their joy.

Further complications between the Balkan states would now be avoided. In covering the crisis it was said that Greece should understand that Italy holds no hostile feelings against her, but is merely desirous of protecting her own interests in the Balkans, where her position is preponderant.

CAUSALTY.
A private automobile came along and struck the Frisco car on its side. The party continued their journey. When they had just about disappeared around a bend in the road the motor suddenly came to life again. It jumped the chauffeur and raced after the Kaiserin and Prince and overtook them in the suburb of Olinda. Thanking the coachman of their unknown benefactor, they re-entered the auto and finished the trip to Potsdam without further incident.

Louis W. Hill Will Make Spectacular Trip Along Proposed Route of New Line into California.

(BY DIRECT WIRE TO THE TIMES.)
PORTLAND (Or.) May 30.—[Exclusive Dispatch.] Louis W. Hill, chairman of the board of directors of the Great Northern Railroad, will start next week on the most spectacular trip of his present western tour and will take one of the longest automobile tours he has covered in years, and through desert lands, sagebrush, lava beds, timber zones, farming districts and cattle lands.

He will hasten to the coast, where he will shoot his rifle down through the hills and then into California.

Chairman Hill pleads that it is merely a trip to familiarize himself with the condition through the great territory which is now untouched by railroads.

From Boise Hill will go direct to Butte, where he is to meet a railroad party and he will then continue on his way to St. Paul. The fact that a Hill representative in Boise Tuesday filed incorporation papers, with a capitalization of \$40,000,000, is believed to be the cause of Hill's trip to Idaho.

LABORER IS ELECTROCUTED.
Helped in Sacramento Plant Where Strike Is on Is Instantly Killed by Current.
SACRAMENTO, May 30.—Henry Schulte, a laborer, was tragically killed and instantly killed at the Pacific Gas and Electric Company's auxiliary steam plant in this city shortly after noon today.

Schulte, who was employed as a helper at the plant, came in contact with a 60,000 volt wire in a manner as yet unexplained.

As a result of the accident the power was shut off and the local trolley service stopped for a quarter of an hour.

Schulte is the second man to be electrocuted since the inception of the electricians' strike a few weeks ago. Just recently a man named John Greely was killed by a flash in the Marysville substation.

NINE TONS EXPLODE IN PLANT IN CONTRA COSTA COUNTY.
Hole Is Blown Seven Feet Deep Where Building Stood and No Other Recognizable Except One Foot Is Left of the Unfortunate Victims Cause Is Unknown.

Disseminated.
OAKLAND, May 30.—Four men were killed and a building wrecked at Giant, Contra Costa county, at 11:38 this morning when nine tons of unpacked dynamite in the machine packinghouse went off. A hole about seven feet deep showed where the building stood.

The dead: CHRIS GUNDERSON, packing-machine operator; LOUIS WALLACE, packer; JOE BARRIE, packer; One unidentified Chinese.

CAUSE IS UNCERTAIN.
The cause of the explosion is unknown. The plant was running smoothly and all seemed going on without an hitch when suddenly with a deafening roar, 41 cases, or about 9 tons of unpacked dynamite of the variety known as "blasting powder," or 40 per cent. explosive, broke through the roof and windows in the neighborhood and filling the air with debris.

The men in the powder-house were horribly mangled. The only recognizable feature to be found was one foot, that of Wallace, identified by a seal.

BUILDING IN SPLINTERS.
The men had been packing dynamite into pasteboard cylinders or cartridges. A small portion of the dynamite was packed and the remainder was lying loose. It is believed that spontaneous combustion caused the explosion. The wrecked building was of wood and the debris was hurled in splinters as far as 300 yards away.

Cuts Off Light and Power at Orlind and Electrocutes Itself by Building Nest in Motor.
ORLAND (Cal.) May 30.—A rat built its nest in an electric motor here and thereby shut off the electric light and power service of the town. It was discovered that the fuses of the Dupes warehouse were burned out and Manager Thomas of the Northern California Power Company commenced an investigation. After a long search he located his ratnip dead in the motor.

The rodent had started to build a nest and had gnawed upon the rubber insulator, thereby causing a short circuit and incidentally his own electrocution.

GOTHAM MILLIONAIRE'S WIFE CRITICIZES JUDGE.
Mrs. George E. Heye Whom Justice Aspinall Denied Large Sum of Money Annually For Alimony Says He Didn't Understand Women or Their Wants.

BY MARGARET W. DE FEYSTER.
[BY FEDERAL WIRELESS LINE TO THE TIMES.]
NEW YORK BUREAU OF THE TIMES, May 30.—[Special Dispatch.] "Justice Aspinall knows nothing about women or women's wants," said Mrs. George E. Heye to today. Mrs. Heye is the lady who Judge Aspinall refused \$75,000 a year alimony and issued warning to society women that in his court at least there will be no lavish allowances for "cocktail and cigarette."

Mrs. Heye's application and the judge's ruling have created intense interest in society and alimony club circles. Here is what the lady says in her own defense:

"To say that I was raised in social standing by my marriage to Mr. Heye is absurd. I was born in San Francisco and it was in New York that I came out. I moved in exclusively the same set as I do now and any talk of my low standing does not mean me. When he suggests that I am one of those women who keep poodle dogs, it is silly."

"There never has been a dog in the family until the last year or so and that one was bought for the children."

The charge is made that in three months I bought \$481 worth of liquor and \$18 worth of cigarettes at one hotel. That is correct, but it was simply because by the quantity I could get the things at half the cost. You see, I was really saving money. The purchases were for guests. I did not drink and none of the twenty-two servants we kept in the country drank the liquor, and Mr. Heye knows it."

"I left him once and gave him the child. Then I forgave him and we lived together again. But his actions were too much. I could not overlook them. It was a case of brutality. We have lived on about \$100,000 a year and it is certain that Mr. Heye's wealth has not been at all depleted. His lawyers were hard up for some argument to bring up."

"I am going to go right through with the case, but I want to go to Europe with the children. The justice, I think, said what he did before he was acquainted with all the facts and I am sure everything is coming out all right. It is unfortunate that the case was brought in Brooklyn, because the people have the idea that wives in our set are very extravagant. They are not familiar with the true situation. As a matter of fact, it is the husbands who are at fault."

The balloons were paid for by subscriptions from women. Signor Montague, Admiral Casati and Admiral Castagnone spoke for the government, lauding feminine patriotism.

INVESTIGATE MEAGHER STORY.
Although Alleged "Murderer" Has Reputed Confession Police Look Up Records of Governor's Death.
[BY A. P. NIGHT WIRE TO THE TIMES.]
MISSOULA (Mont.) May 30.—Conflicting statements made by Pat Miller, alias Frank Diamond, who "confessed" last Tuesday on what he supposed was his deathbed, to several murders and promptly repudiated his confession late last night when brought here to jail, led the authorities to set afoot today a thorough investigation.

Diamond had stated that he was the slayer of Gen. Meagher, a territorial Governor of Montana, who was killed by a river steamer in 1887. He denied all knowledge of the supposed crime today, but admitted having been employed as a woodcutter at Fort Benton where Gen. Meagher was drowned. His "confession" said he received \$5000 for "getting rid of Meagher." Today he said he had made that amount by the sale of a mine at about the time of Meagher's death and used it to visit Ireland.

Among statements made to authorities who questioned him today, Diamond accounted for the loss of an eye by saying he had been wounded in an Indian fight while scouting for Gen. Custer.

Diamond's body bears the marks of four bullet wounds and a knife thrust. Diamond acknowledged that some of his deeds during the early days in Montana were without the pale of the law and gave this as the reason for his present secretiveness.

VETERANS MARCH IN HEAT.
Graves of Dead in Kansas City Dedicated in Warmest Memorial Day on Record.
[BY A. P. NIGHT WIRE TO THE TIMES.]
KANSAS CITY, May 30.—Under the blazing sun of the hottest Memorial Day in the history of this part of the United States the graves of the soldier dead in Missouri, Kansas and Oklahoma were decorated with the usual parade as heretofore.

In almost every town some of the old soldiers tottered bravely along in parade as heretofore.

The thermometers stood two or three degrees above the mark of any day of the month of May since records have been kept, excepting yesterday, when 107 deg. was reached in some places. Over Kansas temperatures of from 99 to 105 deg. prevailed. Several Oklahoma towns report higher temperatures than yesterday. Southern Missouri also suffered. Only one or two prostrations, none fatal, were reported.

HAVANA, May 30.—It is probable that Cuba at an early date will consent to submit to arbitration the claims of Great Britain, France and Germany for damages done the property of their nations during the revolution of 1895-96.

The Spanish government accepted a committee report recommending that arbitration be resorted to in settling the claims, which aggregate \$2,000,000.

PARIS HEARS IT FIRST.

[By Atlantic Cable and by Federal Wireless Line to the Times.]
BERLIN, May 30.—[Special Dispatch.] A story printed in the Paris edition of the New York Herald and telegraphed to Berlin has created considerable talk in official and general circles. The Herald stated that the German cruiser Strassburg had been fired upon by the Greeks in the Straits of Smyrna.

As the Strassburg has promptly reported by wireless and omitted saying anything about such an incident it is believed in naval quarters that the correspondent has mistaken an exchange of salutes for "bombardment."

SAYS HE STEALS TO HELP POOR.

Polish Count and Princess are Sentenced in Paris.

Calls His Favorite Sport to Deceive the Wealthy.

Raised Pawn Ticket Amounts and Then Sold Them.

PARIS, May 30.—(Special Dispatch.) Declaring that he steals to help the poor, that he is a great philosopher and a great chemist, Count De Bohanski, the Polish nobleman who was sentenced yesterday with the Princess De Furyna to two years imprisonment for falsifying pawn tickets, laughs at his trouble. "My works," he says, "will yet illumine the world."

"It is my favorite sport to deceive wealthy people," he explained. "You see, in that way alone I benefit my poor friends. I have been called upon by one higher than the laws of men to be the shepherd of the neglected. The Count and the Princess pawned a number of small articles and then raised the amounts on the tickets, representing the things pawned to be priceless heirlooms of great intrinsic value. A bundle on which four francs was loaned was elevated to a 1400-franc ticket and sold by the Count. The authorities ascribe Bohanski's airy sayings to desire to be considered innocent and the prison surgeon reports 'the rogue is as sane as the judge who condemned him.'"

TO PROTECT ALFONSO.

Daughter of Executed Anarchist Removed Because of Paris Visit and Rise From the Effects.

PARIS, May 30.—(Special Dispatch.) The recent visit of King Alfonso of Spain to Paris caused the death, according to Humanists, the Socialist newspaper, of the daughter of Francisco Ferrer, the Spanish anarchist and educator, who was executed in 1909. It was feared that the young monarch would be assassinated by Ferrer's anarchist on the occasion of his visit here, hence every precaution was taken by both French and Spanish police and detectives. The latter were panic-stricken when they found the daughter of Prof. Ferrer had been living for some years in Fontainebleau, where the King intended to review French troops.

Although Miss Ferrer was bedridden with a fatal disease the police insisted on her immediate removal and Mayor Lapeyre effected the transfer of the invalid to the neighboring village of Samois, using his own automobile for that purpose. She died a few days afterward, partly from the effects of the trip. Mayor Lapeyre himself pronounced the funeral discourse.

His Rapid Recovery Marvelous. Will Confer With Cardinal O'Connell on Divorce in America.

ROME, May 30.—(Special Dispatch.) Cardinal O'Connell of Boston will have a second audience with Pope Pius of Tuesday next. Unofficial reports say the holy father is desirous of consulting the American member of the sacred college on the subject of divorce in America.

The Pope arose early today. He was in no way tired by his open-air reception to the 1500 pilgrims from Tuscan yesterday. Dr. Amici says his progress towards complete recovery is marvelous.

LIGHT FROM THE EAST ON THE LIVING ISSUES.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

NEW YORK BUREAU OF THE TIMES, May 30.—(Special Dispatch.) Following editorial comments on topics of the hour are printed in eastern newspapers:

REPAIRS UNDERWOOD BLUNDER.

WILSON TAKES FIRM STAND. (New York Tribune, May 30.) The Senate Finance Committee yielded to the inevitable yesterday when it decided to strike out of the Underwood tariff bill the foolish provision allowing a 5 per cent. discount on all duties imposed on goods coming to this country in American-built and American vessels.

Since from 85 to 90 per cent. of the imports into the United States come in foreign vessels, the slight benefit to American vessels from the proposed discount would not compensate for the diplomatic embarrassment and money losses sure to follow a trade war with the nations which are at present the best customers for American goods. If the Senate Committee, acting on the advice of the President, can repair an obvious blunder of the Underwood bill, there is hope that it may have the foresight and courage to go ahead and repair several more.

WHOOPIING IT UP IN TOKIO.

JAPAN YELLOW JOURNALISM. (New York Herald, May 30.) Whether meant as a threat or as a promise, the proposal of the Osaka Mainichi that we cede the Philippines to Japan in return for the right to exclude Japanese from this country need not be taken seriously. The Mainichi has a large supply of the "characters" that correspond to headline type and is always looking for opportunity to spread these over its news and political pages. The fierce attacks of the Yoruodo will hardly disturb the sleep of its Tokyo readers. The Yoruodo is the yellowest of Japanese newspapers and that is saying a good deal for it.

AVOIDING A TRADE WAR.

CONGRESS IS SET RIGHT. (New York World, May 30.) Congress in the Panama act violated one treaty in infraction and substituted a ship monopoly by subterfuge. It is welcome news that Congress in the tariff reduction bill is not to violate all our commercial treaties and subvert our shipping in the same way. No one can soberly question that a remission of duties to any degree on imports in American bottoms runs squarely against these provisions contained in practically all our commercial treaties which provide that customs duties shall be no higher on goods imported in foreign than goods imported in American-owned vessels.

THE FIRST SENATE WHIP.

COL. LEWIS NEW JOB. (Chicago Record Herald, May 30.) Senator Lewis would be justified in writing to his Illinois friends: "Come, saw, conquered." Precedents have been brushed aside for his benefit and his committee assignments are flattering in the extreme. He has been made whip of the Senate majority. The office was created at his suggestion, through not without the President's approval. It was created

RECTOR'S IS BANKRUPT.

Creditors of New York House File Involuntary Petition and Court Appoints Receiver.

NEW YORK, May 30.—Rector's has failed. The corporation operating a hotel and restaurant of that name, one of the most pretentious in the theater district, owes nearly half a million dollars and has assets of not more than \$150,000, according to an involuntary petition in bankruptcy filed by creditors yesterday. Judge Holt in the Federal District Court appointed Edwin C. Ward receiver.

NEED EDIBLE SCHOOL BOOKS.

Pupils in Utah Have Been Made Ill by Gnawing Corners of Work on Civil Government.

SALT LAKE CITY (Utah), May 30.—What text-book on American civil government can be digested most easily by Utah public school children? This important question is being investigated by the State Pure Food Commissioner. If a green or yellow-covered book is more easily assimilated than a red one, the text-books in Utah's schools may be changed. The investigation is the result of the illness of several school children in Juab county. It was disclosed that all had attempted to imbibe knowledge literally by chewing on the corners of their civil government.

RAILROADS WARN GIRLS.

Eight Chicago Lines Post Notices Telling Young Women to Shun Chance Acquaintances.

CHICAGO, May 30.—Eight of the large railroads entering Chicago began posting along their lines today notices to girls, issued by the Illinois Vigilance Association, warning them against chance acquaintances. The posters urge girls traveling alone to Chicago to write to one of several organizations that they may be met at the train and saved from designing men and women.

MODEL HOMES FOR CAPITAL.

Washington Reformers Will Insist on Congress Providing Proper Homes for the Indigent.

WASHINGTON, May 30.—Municipal reformers today laid plans to force upon the attention of Congress a joint resolution offered by Senator Works providing for the appointment of "a housing commission," which would take up the question of placing the indigent and improvident population of the District of Columbia in proper homes.

Senator Works would go further, under the terms of his resolution, and would extend the powers of the commission to the residents of the better classes. The proposed commission, which would mark a departure in civic government, would be composed of three women and two men to be appointed by the President and to serve without pay. They would investigate the housing accommodations of the district and report to the President their recommendations as to the proper location for new sanitary houses, the structures to be destroyed, and the legislation necessary to further the general plan. The President, in turn, would be compelled to transmit the recommendations to Congress.

Senator Works would prohibit the erection of unattached houses. He would make it compulsory that dwelling houses be at least six feet apart and that apartment-houses be no closer than twenty feet from any other building. In this way, he contends, the inmates would have both air and sunshine in all rooms.

COUPLE RESCUED FROM ICEBOX.

Saloonkeeper and Wife Almost Frozen to Death Trying to Escape Salesman Who Drove Revolver.

CHICAGO, May 30.—Taking refuge in an ice box when pursued today by a late man with a revolver, R. Hoffman, a saloon-keeper, and his wife came near being frozen before they were liberated.

A policeman rescued them and arrested Frank Brady, a young salesman from St. Louis, who stood outside the refrigerator threatening to shoot. According to Hoffman's story the salesman entered the saloon and ordered a drink. He refused to pay for it and was ejected. He returned with a revolver and the Hoffmans ran into the icebox.

—are you cramped

—in a crowded residence district that is turning into a semi-business locality?

—Are you contending with the inconveniences of living outside of the 25-minute car service on a 5-cent line?

—both of these conditions are far from normal.

—You may have a large lot with the ample breathing space of the country.

—You can adjoin the Wilshire district with its costly, exclusive homes and unequalled conveniences of the city—in Melrose Court.

—Melrose Court is ideal—it was planned for you—one or two lots remain at \$1950.00—some trifle higher.

—The Briggs Co. and the Wilshire District are synonymous.

ARMS FOR ARMY SAY MEXICAN

Officials Explain Why Japan Has Landed Munitions.

Wilson Denies Report That Huerta is Recognized.

Negotiations For French Loan Progressing Rapidly.

MEXICO CITY, May 30.—(Special Dispatch.) A report that the Mexican government had recognized Huerta was generally believed until Ambassador Henry Lane Wilson made a statement that he had absolutely no knowledge of any such intention and had received no communications from Washington that could be construed to mean that recognition was near.

The Mexican report had it that President Wilson would grant recognition in order to end the boycott against American merchants and also to stop the anti-American agitation. Several merchants stated they had made no representations to the government suggesting recognition and knew nothing about the report.

An indication that Japan is determined to secure a foothold in Mexico was revealed today in the arrival here of another large consignment of munitions. The shipments have been coming in for several weeks. Mexican officials declare they are for the use of the Mexican army. The munitions were turned over to the Mexican government and were stored in the arsenals.

It was authentically announced today that the negotiations for the French loan of \$100,000,000 were rapidly progressing. The bonds are to be 5 per cent. and will sell at 98 cent on the dollar, gold.

SURRENDERS TO UNCLE SAM. CROSSES BORDER TO DO SO.

HERNANDEZ, May 30.—Jesus Hernandez, connected with the Constitutional cause, voluntarily crossed the border to this place from Piedras Negras today and surrendered to the United States authorities. He was charged with a warrant for his arrest issued by a Mexican court for the neutrality laws. He gave bond.

150 FINE HARBOR LOTS AT AUCTION

SATURDAY, (TODAY) MAY 31, 1913

Sale Begins Promptly at 10 A. M.—First Come, Best Served

Splendid Location, Large Lots

As shown by the map, these lots are favorably situated—on Hill Street and the Perris Road—within a stone's throw of the proposed Los Angeles Ship Canal.

Lots are 40x140, much larger than the average. Two main thoroughfares pass the property. Hill Street, connecting with Long Beach Boulevard, east and west, and the Perris Road, main road through the industrial section to harbor.

The tract is within a stone's throw of the main channel Los Angeles River—another meritorious feature. On all sides, but farther away, are well known additions which are being opened at higher prices.

First Auction of Harbor Lots

The choicest and fastest selling property has been what is known as Harbor property. Shrewd buyers know that this class of property in all large cities having shipping facilities by water, the property near water is held at fancy figures.

If you can buy this property at forced sale, by auction—you can't

lose—it's good as gold dollars. Buy all you can on our special easy payment plan—10% down and \$10 per month.

Russell Sage's 'Sage' Advice—

This far-seeing man advised young men to buy a piece of realty and then go about their business and forget it. A sacrifice of this kind when young insures a comfortable old age.

Good, sensible advice—and you will do well to follow it in this case—for you will buy at a sale—and generally this is where one buys at his own figure, if he buys at all.

Mr. Rhoades, our auctioneer, has his orders to

Sell the Whole Tract in One Day!

and if an offer is at all reasonable to make the sale.

How to Get to Property

Take Long Beach cars at Pacific Electric Depot, Sixth and Main, and get off at Hill Street and American Avenue, Long Beach; or Long Beach "FLYER" and get off at Fourteenth Street.

Our autos will be at both points and take people to the Tract free of charge.

A Fine Hot Lunch will be served at the grounds. Comfortable seats for those in attendance. A very interesting talk will be given about the future great industrial center of Los Angeles and why it must one day be the busiest spot on the Coast.

Make SATURDAY A Red Letter Day

Take your wife along and make a day of it. Look at the mighty strides that are being taken in this progressive city, destined to be the great industrial center of Los Angeles. On all sides you will see evidence enough to support this prophecy. Consequently the lot or lots you buy at these "knock down" prices must some day be worth enough to make you comfortable in your old age.

This is the first time any company has dared put Harbor Lots up for sale at auction. We believe in the property, we know it will grow in value, and we will leave the buying to your good judgment.

All lots are held in trust by the Hellman Commercial Trust and Savings Bank, which will deliver contracts and deed upon final payment.

Any lot not sold on Saturday, May 31, 1913, will be put back on sale at our regular prices, which range from \$600 to \$1000, on Monday, June 2.

Reserve Saturday, May 31st, 1913, as Harbor Lot Day. Don't let anything prevent your being one of the favored ones who will have the rare good fortune to buy a piece of harbor property at this late day, at your own price.

MARGUERITE (Mich.) May 29.—[Exclusive Dispatch.] Judge J. H. Plummer today ruled in favor of the plaintiff in a prospective ruling on the libel suit of George A. Newell against George A. Newell. The ruling was in favor of the plaintiff, constraining section 16,425 of the Michigan Compiled Laws, hearing on libel.

Relative Merit of Japanese and American Soldiers Discussed by Gen. Miles Before Leaving for Europe. (BY DIRECT WIRE TO THE TIMES.)

NEW YORK BUREAU OF THE TIMES, May 29.—[Special Dispatch.] "How do the Japanese and Americans compare as soldiers?" Gen. Nelson A. Miles, retired head of the American army, was asked today, just before he left for Europe.

"They don't compare," the veteran retorted.

Gen. Miles sailed today for Europe on the St. Paul. With him went his grand nieces, Miss Adena Miles and Mrs. Louise Mitchell, and Col. John S. McEwan.

Just before the St. Paul left her dock, Joy Reynolds, with her 14-year-old brother, from Rutherford, N. J., rushed on board. Joy was in tears, for she had feared she would miss the sailing.

The girl handed a big bunch of roses to the general, together with a letter. Then the general gave her a resounding smack and stayed her blushing with the assurance that it was only a military kiss.

Gen. Miles is going to London to meet his son, Sherman Miles, who is military attaché at the Court of Roumania.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON BUREAU OF THE TIMES, May 29.—[Exclusive Dispatch.] Verification of biblical history in the growth ring of the great California redwood trees is asserted by Ellsworth Huntington in a government publication entitled, "The Secret of the Big Trees," just issued.

According to Mr. Huntington, the curves in the California trees begin with the epoch of the Trojan war, about 1200 B.C. The curves dip extremely low, indicating an epoch of sudden and severe drought. The famine in the days of Elijah is indicated by the low curves, but not so distinctly as the ones in the Trojan epoch. In the era of 700 B.C. the curves stand high, indicating favorable climate. This was the beginning of Greek greatness. Then comes a pronounced falling off, with a recovery of 300 or 400 years before Christ, and another decline culminating about 300 B.C., with a recovery reaching a high point 60 B.C. This was followed by a long

period of decline, reaching its worst about 600 or 700 A.D.

Comparison of the history of the California trees with data gathered in Asia Minor convinces Mr. Huntington that the great disturbances and most fruitful periods in history were world-wide in their scope.

WARNS DE WOLF HOPPER.

Father of Girl He Married Says He Will Strive for no Trifling With Daughters.

(BY DIRECT WIRE TO THE TIMES.) ALFOONA, (Pa.) May 29.—[Special Dispatch.] "The Furrys for generations have revered the sacredness of the marriage vow, and the reports that my daughter, Elida, has been married to De Wolf Hopper pains me greatly," said David E. Furry, a butcher of this city.

"If Hopper loves my daughter and means well, I will be satisfied, but if he married her like he took up with his other four wives, as he would a plaything, it will be an outrage that her old dad will not stand for," announced the irate father.

Miss Furry adopted the stage name of Curry. She played a married part in the revival of the Gilbert-Sullivan opera in which De Wolf Hopper was starring. They were married in New York a few days ago.

THOUGHT HE WAS DEAD.

San Francisco Barber Fired on at Close Range Weeps Tears of Joy When He Finds He's Alive.

(BY DIRECT WIRE TO THE TIMES.) SAN FRANCISCO BUREAU OF THE TIMES, May 29.—[Special Dispatch.] Fired upon at such short range that the flash of the powder from the weapon almost singed his hair, Santo Amadio, a barber living on Pollard street, staggered and fell, firmly convinced that he had received a mortal wound.

But the fear of impending death turned to tears of joy when Amadio was assured by surgeons after careful examination that he had not received a scratch. He jumped from the table with a bound and hastened back to the scene of the trouble to seek out the man who had frightened him almost to death.

The man who shot at Amadio was Frank Abatacola, his brother-in-law. They live in the same house, and had formerly been partners in a barber shop at No. 635 Broadway.

No Need Being Old or Wrinkled Before 75

Lillian Russell says any woman who has wrinkles before she's 75 is herself responsible for them. Sunshine and fresh air she considers more valuable as complexion preservers than cosmetics.

The chief objection to cosmetics is that at best they only temporarily cover up defects. There are certain true aids to Nature, which may be applied with directly opposite effect. Ordinary marcelled wax, for instance, actually removes a bad or oldish complexion, by gradually, almost imperceptibly, peeling off the worn-out scar skin. Just one ounce, procurable at any drug store, will soon unveil an entirely new and natural complexion, with an exquisite girlish color. Of course, cutaneous blemishes like pimples, freckles, fine lines, moth patches, liver spots, disappear with the discarded skin.

To prevent or remove wrinkles, a face bath which also produces natural results, is made by dissolving an ounce of powdered axcelite in a half pint of witch hazel. This is immediately effective and gives no untoward after-effect.—[Advertisement.]

Ghirardelli's Ground Chocolate

OUT of the biting gale, into the cosy cabin of the great liner, and then a steaming cup of Ghirardelli's Ground Chocolate. My, how it warms one through and through—how invigorating, how sustaining—what a delightful beverage it is.

Deep down in the hold of the mighty ship are hundreds of cases of Ghirardelli's Ground Chocolate for export trade. To Japan, to China, to the island possessions and to India goes this matchless product. For discriminating people in the four corners of the world find in Ghirardelli's Ground Chocolate a beverage unequalled for purity, flavor and wholesomeness.

AGED AND CRIPPLED BUT MARTIAL STILL.

MEMORIAL DAY was observed at the Soldiers' Home with reverent fervor. Participants in the exercises there felt that the ceremonies of honoring the nation's dead were especially impressive where the living have been in daily companionship with those who are now sleeping "death green" on the hillside.

As the years go on and relentless mortality reaches out its grim hand for others in the rapidly-depleting ranks of those at rest for service the living, upon whom devolves the sacred duty of keeping their memory green. The total number of veterans yesterday was 5354, while those who lie in their grass-covered graves number 1468.

A pathetic feature during yesterday's procession was the wistful regret on the faces of the many whose age-enfeebled limbs prevented them from taking part in this ceremony. From seats on the terrace verandas they watched the long parade, though unable to march the fire of a martial spirit still burned in their eyes.

PARADE FORMATION.
Parade was formed on the north side of Brown's boulevard, the right wing at the gate opening onto Nevada avenue and moved in the following order:

Hon. Band, Lieut. W. Osterman, leader; then, P. H. Barry, governor of Pacific branch, and staff, consisting of Maj. E. W. Moore, treasurer; Chief Surgeon B. F. Hayden; Capt. J. W. Barry, quartermaster; Capt. M. H. McIntyre, commissary of subsistence; and Capt. F. T. Hagan, adjutant, followed by the guests of honor.

After these came a platoon of Home Guard, under its chief, Col. John Berry, and the funeral escort, under command of Sgt. H. C. Galbarras; Home Companies A to K, B. Company No. 118, United Veterans Legion and its Women's Auxiliary, No. 14; John A. Martin Post No. 123, G.A.R., and its Women's Relief Corps, No. 11; United Sons of War, No. 277; G. A. R., and its Women's Relief Corps, No. 4; Anna Ella Carroll Post, No. 2; Daughters of Veterans; Appomattox Circle, Ladies of the G.A.R.; Hamilton G. Hawkins Camp, No. 45; United Spanish War Veterans; school children of Santa Anita; citizens of Santa Anita; and the cemetery, the band played "Rest, Comrades, Rest," which was followed by the beautiful ritual service of the G.A.R., after which the dead were given, after which 1900 voices united in singing "America."

"Veterans placed American flags on each grave. Ladies and children placed flowers on the mounds, and the return march to camp began. Dinner was provided by the Home for setting particularities.

The chief feature, next to the long line of grizzled warriors, was the beautiful school children, whose bright young faces, in the striking contrast. At the head of this section and bearing the school banner, was Miss Beulah Atkinson, with two 11-year-old girls, and a baby, all proudly bearing streamers. A column of Santa Anita's loveliest young girls, accompanying the J. A. Martin

Post, W.R.C., made a charming picture.

AT MEMORIAL HALL.

Memorial Hall was filled and crowded all the available space outside the nine open doors when the afternoon exercises began at 2 o'clock. Gen. Barry, as chairman, made a brief opening address. The Home orchestra, under the leadership of Lieut. Osterman, played appropriate selections. The flag salute was given by four grandsons of veterans and the "Battle Hymn of the Republic" was sung by the audience. Rev. Fr. Pearce pronounced the invocation.

Other members on the program were: Singing "The Star Spangled Banner" composed of Maude E. Dickens, daughter of the monument to the "Unknown Dead," singing by quirette composed of Maude E. Dickens, Marie Mecom, Hattie McNaught and Mollie E. Price, daughters of veterans; recitation "Our Banks Are Growing Thinner," by F. L. Coburn, quartette, Miss Marie Mecom, Miss Burdette Wertz, Comrades Bureau and McBain; benediction by Rev. E. W. Mecom.

The address was made by Dr. Charles Edward Locke of the First Methodist Church, who said in part: "Today we are looking back to the epochal events of the Civil War through a perspective of nearly fifty years. Time has softened the ardors of war and well-nigh removed all sectional animosities. With every passing year our sincere gratitude is deepened for those whose bravery and sacrifice have made our nation one and inseparable."

"Today we are tenderly remembering the thousands of heroes who suffered and died to make men free; and we would guard their graves with tokens of loving appreciation. "It is most fitting in these days of piping and prosperous peace that our youth should be taught and we should remind ourselves of the fearful cost with which American liberty was purchased."

"While we call the roll of the veterans who have gone to their reward during the past year, and pay tearful tribute to their memory, our hearts are filled with gratitude that so goodly a number of illustrious survivors still abide with us. "Veterans and comrades, you are in us the embodiment of a nation's noblest ideals; valiant in war; virtuous in peace; achieving in youth; achieving in maturity, peaceful in old age. You have founded a knight-hood whose glories shall never fade, so long as courage is a virtue on earth and fullness of life the boon of Heaven."

"During the last days of the memorable month of May in 1862, when the war was ended, and the Union army was passing in review before the President and Congress in Washington, a great banner was stretched across the front of the Capitol Building, which bore this device: 'The only national debt we can never pay is the debt we owe to the victorious Union soldiers.'"

"Patriot-citizens, the sincerest gratitude we can express and the highest honor we can pay to the old soldiers, who yet remain with us, and to those whose names are secure on the eternal camping-ground, is to accept the trusts which they have bequeathed to us, and to bear our responsibilities with a patriotism, and an ardor, and a self-sacrifice, worthy of such honored sires."

In the memory of our heroes. Long after the granite has crumbled their deeds of heroism will live. We honor the men who fought for their country, whatever the war or the occasion. In these memorial services we sing the praises of the men. We must not forget the women upon whom the horrors of war rested so heavily. There were thousands of women who toiled valiantly at home and as nurses in the hospitals during the war. And there were the little ones who wept and wondered.

"William McKinley, our immortal President, was slow to favor war with Spain. I was in Washington when a committee from Missouri, my native State, headed by Live More, came to the capital and interviewed President McKinley. More was raised in the cornfields of Missouri and he was a husky fighter. He and his committee informed the President that they had concluded there should be a war with Spain."

"President McKinley told More that the younger generation did not realize what war would mean. 'When I think of a war with Spain,' the President said, 'I see a mother bending over a little mound that covers her boy brought home dead from Cuba. But I fear honor and integrity demand I favor war.'"

"That was one of the greatest of the wars. It was not a conflict for conquest or glory. But it was fought to save honor and for the freedom of a people who for centuries had been oppressed. California was well represented in the conflict. They made noble record. They deserve our praise and our tender and lasting memory."

"I believe that the only way to have peace is to prepare for war. I would like to see a great fleet on the Pacific Coast and a much larger army. I am not one of those who sneer at the United States at heart. They are jealous of our power and prestige. Our protection is the fear we inspire. Every 2 per cent. 'dink' in the country is crying out against war."

"I believe in placing patriotism above the dollar. I am in favor of peace but not at the cost of patriotic duty."

SAN PEDRO.

SAN PEDRO, May 30.—Memorial Day was appropriately observed at San Pedro. In the morning the students of the grammar and high schools rendered a program on the grounds of the Fifth-street school after these exercises, several hundred children, carrying flags and flowers, were formed in line and headed by G.A.R. veterans, ladies of the Women's Relief Corps and members of the local Redmen and Pocahontas lodges, marched to Fifth-street wharf, where flowers were scattered on the bay in honor of the sailor dead, who lie beneath the ocean.

A detachment of veterans decorated the graves of their dead comrades sleeping in Harbor View Cemetery here, and also the graves of the sailors buried at Wilmington. In the afternoon Rev. George Hadron and Rev. W. H. Evans of Wilmington delivered orations in Redmen Hall, which were followed by a musical and literary program.

part in the Civil and Spanish-American wars. The afternoon parade left Sixth and Hill streets promptly at 1 o'clock. The line of march was to Spruce to Fourth, to Broadway, to Fifth street, west on Fifth to Hill and south on Hill to Sixth, where the marching men passed through lines of women belonging to the auxiliaries. The women were dressed in white and carried American flags. Some were clad in uniform.

Chief of Police Sebastian headed the parade with a mounted troop of police. Next were members of Rosecrans Camp, Sons of Veterans, Capt. Lockwood commanding; Los Angeles Tif and Drum Corps; Grand Marshal S. A. Butler with his aides, as follows: W. E. Daubenspeck, chief of staff; John Davis, Dr. Derby, F. W. Hult, T. P. Lyons, Harry Zimmer and P. C. Mulquoney.

Next in line were Bartlett-Logan Post No. 1, Stanton Post No. 55, Robley D. Evans Post No. 200, Kene-saw Post No. 194, Roosevelt Camp No. 3, United Spanish War Veterans, Admiral Glass Camp No. 24, United Spanish War Veterans; Gen. H. G. Otis Camp No. 28, Sons of Veterans, and automobiles with army nurses.

AT THE AUDITORIUM.
The Auditorium was filled with members of the post camps, also the wives and families of the veterans. The stage was tastefully decorated. In the background was a large American flag. At the right and left of the stage were two large wreaths. The speakers' table was draped with flags.

Chief Marshal Butler called the assembly to order and introduced J. D. Boyer of Robley D. Evans Post as chairman. All joined in singing "The Star Spangled Banner" and the invocation by Rev. W. M. Sapp.

Chairman Boyer spoke of some of the costliest battles of the war and told of the civil of slavery. Following a contralto solo, "Tenting on the Old Camp Ground," by Mrs. M. C. Shaffer, A. C. Shaffer read the famous order of Gen. Logan, which marked the origin of the national observance of Memorial Day.

Ray Hastings rendered an organ selection. This was followed by the reading of Lincoln's Gettysburg address by George N. Lockwood. Fred C. McPherson followed with "The Boys of the Brigade." He received an encore.

DR. BROUGHTON'S EULOGY.

"I suppose you old soldiers would rather be paid with bullets than with paper words," began Dr. Broughton. "But don't be alarmed. I am not going to read any long address. I have been speaking frequently of late and my voice has almost given out. But I would like to seize this opportunity of addressing you."

"I want to bring to you a tribute of honor and glory that belongs to you. And I want to remind the sons and daughters of you veterans that they should give to you the tribute they would pay to Kings and Presidents."

"All of us ought to understand the great price paid for the unity, peace and freedom that is ours. I confess I never understood the meaning of the death of the men who went down into the South to fight."

"The only thing to be held sacred to the living as well as to the dead. It ought to be a day set apart for their remembrance. I do not believe in frivolity and games on this day. [Applause.]"

"I believe in bestowing honor on names. There are great names in history, the greatest being Jesus Christ. There was much applause as the speaker mentioned the names of Washington, Lincoln, Grant and others who participated in the great struggles of this country. Continuing, Dr. Broughton said: 'I believe on such occasions as this it would be well for the boys and girls to gather around their fathers and grandfathers to hear about the battles of the Civil War. If they are to have in their souls those principles of patriotism that make a country great, where better can they learn them than from men like you? [Applause.]'

"I believe addresses should be given in the auditorium from time to time on themes which tend to instill patriotism in the minds of the young. A man who was with Sherman on his march from Atlanta to the sea, and who was with Sheridan in his fight at Winchester could tell of the scenes there, and so on."

The speaker mentioned briefly the work accomplished by the generals and admirals, the soldiers, sailors and marines in the Civil War. He also referred to the Spanish-American War and lauded names of heroes on land and sea.

"But more than that, I would perpetuate the name of every man in blue," said the speaker with much emphasis. "I take it that my hat is to you. As I stood and saw the long lines of graves in Arlington Cemetery marking the resting-places of the unknown dead, I thought how much we all owe to the obscure soldier who went forth to shed his blood for the country. And today yours is the obligation to put into the blood of the young the life history of our country."

"Memorial Day ought to be a day for emphasizing the flag. It ought to be a day to encourage the spirit of patriotism. It has come to pass that all sorts of new organizations and factions have arisen, in which the flag is lowered to make room for strange ideas. It ought to be a crime to decorate the flag or to use it for advertising purposes. The flag and stripes should never give place to the Socialist red flag or red bandanna. [Applause.]"

"Remember, our flag stands for liberty of speech and the press, for freedom of action, but not for license. It stands for human liberty, not for those things which serve the devil. You cannot do wrong and still obey the high behests of patriotism."

Dr. Broughton referred to Flag Day, which comes June 14, stating that he hoped all citizens will unfurl "Old Glory" on that day and that the school children will learn a new lesson about the principles for which their fathers fought. He referred to the anti-alcohol bill passed by the late State Legislature showing how this State may come into closer cooperation with a peaceful one, with the Federal government, over the old question of State's rights.

He said the question must be settled calmly and carefully in the light of statehood and not through prejudice or selfishness. In closing, the speaker briefly referred to the political situation. Mrs. William Patterson sang "The Star Spangled Banner," the audience joined in the chorus. Dr. C. P. McKerton gave the benediction. The Tif and Drum Corps played patriotic airs, closing the afternoon program.

LOVE HALLOWS

FLORAL TRIBUTE.

AFFECTIONATE CEREMONIES AT CEMETERIES.

Grand Army Post, assisted by School Children, Veterans, Home of Peace Cemetery, etc., carried out of the ground and carried out of the ground.

With quivering lip and moist eyes the most affectionate of all the women in honor of the immortal heroes of the nation's struggle for its freedom enacted in the earlier hours of the day.

While the dew yet sparkled on the green sward beneath whose choicest robe of perennial verdure repose the remains of the soldier-dead, there waved above each memorial mound the deathless emblem of a nation's gratitude.

Tear-blinded veterans tottering in unbecoming infirmity, living women deep in the sorrows of widowhood, side by side with the second and third generations of those who love them, wended their way through the growing cities of the departed and tenderly laid their tributes of May's fragrant blossoms upon the bosoms of patriots enshrined in the hearts of a grateful people.

So appealing is this custom to the affection, that few of the mounds in any burial place but bore testimony to the same noble purpose of the living for their dead, though their battles for their country may have been the teaching of patriotism in the home, the only marked distinction being the flag that floated over the soldiers' graves.

In Economic Cemetery, impressive ceremonies were conducted by Stanton Post and Admiral Robley D. Evans Post, Grand Army of the Republic; the United Veterans Relief Corps; W. S. Rosecrans Camp, Sons of Veterans, and Jessie Benton Fremont Camp, Daughters of Veterans. The place of honor was gladly yielded to the veterans of the Civil War. At the entrance to the cemetery the other organizations formed in open ranks, reinforced by hundreds of citizens and a body of school children, all bearing flowers.

To the sound of the muffled drum and the rhythmic tread of the veterans as they retreated in good order from the solemn scene.

At Evergreen Cemetery, Bartlett-Logan Post, Grand Army of the Republic, and the affiliated Women's Relief Corps, surrounded by a large assembly of men, women and children, repeated peacefully the same touching scene.

Details of veterans were sent to the Odd Fellows Cemetery, New Calvary Cemetery, Beth Israel Cemetery and Home of Peace Cemetery. At San Pedro and Wilmington, Harbor City took charge of the ceremonies and followed the programs as carried out universally throughout the world, where United States veterans have found rest from their strenuous lives of service for their country.

TUMBLE DOWN MAINS.
Conductor and Burglar Fight Desperately in Home and Former Is Seriously Injured.

Awakened early yesterday morning by a noise in his room, Daniel Giblin, a street car conductor living at No. 209 Commercial street, sprang from his bed and at once found himself engaged in a struggle with two men. One of the intruders ran when the intended victim showed fight, but the other kept up the struggle until both he and Giblin tumbled out into the hall and down a flight of stairs. The robber escaped in the darkness and Giblin was taken to the Receiving Hospital, having sustained a fractured right leg and a severe concussion of the brain.

The desperate struggle in the dark aroused other occupants of the house, who ran to see what the trouble was, but by the time help arrived the robber had escaped. Aside from his injuries Giblin escaped without loss.
